| Agency: | Contact Phone Number: | |

What kind of impact has there been on normal operations? Can it be quantified? (i.e. personnel being used, personnel needed)

What problems/special situations is the agency immediately dealing with and what are you doing to address them?

Is there any information that need to be given to the general public? (i.e. roads closed, curfews, services available/unavailable)

What significant changes have there been since the last report?

Other remarks/comment

Preferred method of submitting forms: 1) Email: darencpio@darenc.com 2) Drop-box on door of Public Information Room, second floor of EOC
