986-2385

www.earlibrary.org

Is your child learning to read? We can help you find the EZ Beginner Reader books appropriate for your child's reading level (1, 2, or 3). Remember, any item owned by one library can be sent to the library closest to you at no charge.

Search the Online Catalog for EZ Readers

Our online catalog is available from any Internet PC by going to:

www.earlibrary.org

Search the online catalog by **Series** followed by the publisher's series name, as in "Step into Reading" or "I Can Read".

- All Aboard Reading
- Beginner Reader
- DK Reader
- Easy to Read
- First Reader
- I Can Read
- Step into Reading
- We Both Read

This finds all levels in a series and the Online Catalog shows the cover of the book. The series name and level are at the top of each EZ book's cover. EZ books are shelved by author's last name and have an EZ sticker on the spine of the book. The level is usually also at the top of the spine.

Be aware that one publisher's reading level is not the same as another's. For example, DK Readers Level 1 is geared for children needing your assistance with reading and corresponds to level 2 of most other publishers.

See over for a **Reading Skills Guide** to help you best match your child's reading skill level with that of the publisher's level.

To find **phonics** EZ Readers (i.e., vowel and consonant sounds), search the online catalog by **Series** followed by the publisher's series name, as in "Wonder Books", "Sound Box", or "My First Steps To Reading".

Remember,

Library Staff are always happy to help.

Reading Skills Guide for EZ Readers
