**Board of Commissioners Resolution Supporting Juvenile Crime Prevention Council Allocation Expansion**

**Description**

The JCPC funding comes into Dare County as an allocation; it represents a partnership between the state and local community to ensure appropriate programming for children at-risk and those involved with the juvenile justice system. Up Until the passing of Raise the Age legislation in the summer of 2017, the focus of JCPC programming has been children up to the age of 16 years. Dec.1, 2019, the age of jurisdiction will include 16-17 year olds for misdemeanor and non-violent felony offenses, and JCPC programs will need to be prepared to serve referrals for that age. Funding has remained the same for over nine years, & with new referrals that will most definitely need services, additional JCPC funding is needed across the state to ensure programs have the capacity and training to adequately deliver services to this population. Support of the Resolution will align Dare with counties across the state to ensure the legislature members are aware of the need for additional funding.

DARE COUNTY
BOARD OF COMMISSIONERS

Board of Commissioners Resolution
Supporting
Juvenile Crime Prevention Council Allocation Expansion

WHEREAS, Juvenile Crime Prevention Council (JCPC) funding is a partnership between the State of North Carolina and the County to ensure a local continuum of services for court involved and at-risk juveniles; and,
WHEREAS, Dare County JCPC funded programs, more specifically, completed services to 99 children last fiscal year at an average cost of $2,100 per child with over 2150 hours of service provided, and having served over 600 children in just the past seven years while funding levels have continued to remain flat; and,
WHEREAS, the Juvenile Crime Prevention Council, under the authority of NCGS§143B-851, and within the scope of its powers and duties, “Each County Council shall annually review the needs of juveniles in the county who are at risk of delinquency or who have been adjudicated undisciplined or delinquent and the resources available to address those needs;” and,
WHEREAS, the Juvenile Justice Reinvestment Act passed in 2017, also referenced as North Carolina’s Raise the Age legislation, expands the age of juvenile jurisdiction, increasing it to include juveniles ages 16 and 17 years of age effective December 1, 2019; and,
WHEREAS, Raise the Age legislation will increase the need for immediate and age-appropriate sanctions and diversion services for juvenile offenders and those at-risk of delinquency; and,
WHEREAS, JCPC funding has seen no increase in more than nine years; and,
WHEREAS, the effort to immediately and effectively address juvenile offending behavior is an evidence-based investment in North Carolina’s future; and,
WHEREAS, effective intervention and programming reduces detention and youth development commitments as a cost savings to the state and county;

NOW, THEREFORE BE IT RESOLVED, that Dare County fully supports an adequate and timely increase of local Juvenile Crime Prevention funding to ensure program expansion and successful implementation of the Juvenile Justice Reinvestment Act Raise the Age Legislation, set for December 1, 2019.

Adopted this _____ day of _______________ 2018.

RE: Conditional Use Permit Application – OT Enterprises – Cluster Home Development

A site plan and conditional use permit application have been submitted by OT Enterprises for a cluster home development in Avon, NC. The proposed site is zoned C-2, commercial and is identified as Parcel A of the Hatteras Island Plaza Subdivision. The proposal is the first site plan submitted for a cluster home development according to Section 22-31.1 of the Dare County Zoning Ordinance. Section 22-31.1 was recently added to the Dare County Zoning Ordinance in an effort to facilitate development of year-round housing opportunities. The site improvements will provide employee housing for the tenants of Hatteras Island Plaza. The owners of the site have been working for some time to develop the parcel for employee housing.

The property is located in behind the Hatteras Island shopping center and will feature three 3-bedroom structures and associated parking. The site is connected to the Kinnakeet Shores central wastewater system. There is a pond and wetland area on the site as noted on the site plan and narrative provided by Quible and Associates.

Section 22-31.1 limits the size of each structure to 1200 square feet of conditioned space. The footprint for each site is 24’.2” x 20’ which is consistent with this limitation. Three parking spaces will be provided for each structure. The developers understand that the units cannot be used for short-term occupancy or rental (less than 30 days). This requirement is included with the other conditions in the draft CUP attached to my memorandum. The CUP will be recorded in the Register of Deeds with the site plan.

The proposed improvements have been reviewed by the Fire Marshal and condition #6 in the draft CUP reflects his review. A time period of 24 months to secure building permits for the three structures is also included in the CUP.

The Planning Board reviewed this proposal at their January 14, 2019 meeting and voted unanimously to recommend approval.
Conditional Use Permit Narrative
Parcel A, Hatteras Island Plaza – Avon, Dare County, NC
December 17, 2018

Overview

Parcel A, Hatteras Island Plaza is currently a vacant parcel with a total parcel area of approximately 1.17 acres. The total parcel area includes approximately 0.34 acres of wetlands, and approximately 0.48 acres of an existing pond. The parcel is located within General Commercial (C-2) zoning.

The proposed use of the property includes three, three-bedroom dwelling units, and the site plan was developed in accordance with the dimensional requirements for the High-Density Residential District (R-3). A Conditional Use Permit is being requested to allow for the cluster home development use in compliance with Section 22-31.1 of the Dare County Code of Ordinances.

The proposed project includes the construction of three, three-bedroom dwelling units with dimensions of approximately 42 ft. x 24.2 ft. each (±1,016.4 sq. ft.), associated parking and drive, and utility installation and connections. Proposed impervious coverage counting toward lot coverage includes buildings with associated decks/stairs, and concrete for a total proposed lot coverage of 4,412 sq. ft. (14.6%). Please note that the existing pond area was excluded from the total parcel area when calculating the coverage percentage.

Access and Parking

The proposed dwelling units and associated parking spaces are to be accessed by a proposed 10 ft. wide gravel drive connecting to the existing paved access within Hatteras Island Plaza. The parking requirements were calculated based on one required parking space per bedroom. Nine parking spaces are required for the development, and nine parking spaces are provided. Five of the nine provided parking spaces are paved with concrete, resulting in greater than 50% of the required parking spaces being of an impervious surface.

Stormwater Management / Soil Erosion and Sedimentation Control

A state stormwater management permit through NCDEQ is not required for the project, due to the proposed coverage being less than 10,000 sq. ft.

A state soil erosion and sedimentation control permit through NCDEQ is not required, due to the proposed limits of disturbance being less than one acre; however, soil erosion and sedimentation control measures have been included in the site plan.

Utilities

Water: Water service for the project is proposed by connecting to the existing Dare County water main along the northern end of the property.

Wastewater: Wastewater service for the project is proposed by connecting to the existing Kinnakeet Shores Wastewater Collection System, with treatment and disposal provided by the existing Kinnakeet Shores Wastewater Treatment Plant.

Power: The power for the proposed dwelling units shall be provided by Dominion Power.

A zoning map amendment for the Avon zoning map has been submitted by Kendrick Albaugh to rezone a parcel currently zoned R2-A to a C-2 commercial designation. A staff report and supporting documentation are attached with the cover sheet.

Item Presenter

Donna Creef, Planning Director
A zoning map amendment application has been filed by Mr. Kendrick Albaugh for property located 40041 Brinkley Lane in Avon, NC. The property is currently zoned R-2A, residential. The structures on the property were constructed in 1985 and are used as storage warehouses. The commercial use of the property was not identified during the development of the Avon zoning map in 1992 and as a result the classification of R-2A was applied to the site. I have attached a copy of the Avon zoning map with the Albaugh property highlighted. The property is located in close proximity to properties zoned C-2 commercial. The property to the east of Mr. Albaugh’s property is R-2A and is currently vacant. The property to the south of Albaugh’s property is classified with R-2A to the rear of the tract and C-2 to the front portion. This split designation is consistent with the uses on the property (residential and restaurant). The properties to the north of Albaugh’s property are residential.

During the development of zoning maps, it has been the County’s practice to apply a zoning classification consistent with the use of the property at the time of map development. A review of the Avon zoning files from 1992 found no mention of commercial use of 40041 Brinkley Lane although the tax records indicate the date of construction of the buildings as 1985. It would appear the Albaugh property was incorrectly classified in 1992. Map adjustments have been made in the past when properties were incorrectly classified. Reclassification to C-2 has been requested by Mr. Albaugh based on the zoning classifications of surrounding properties. The C-2 district does not list storage warehouses as a permitted or conditional use. In order to make the property entirely conforming with a correct zoning classification, a text amendment to the C-2 district to add storage warehouses to the list of conditional use in the C-2 district was recommended by the Planning Board. The Planning Board’s recommendation was to extend the C-2 classification to include the Albaugh property and the adjacent vacant property so the C-2 is contiguous. This recommendation was made at the January 14, 2019 Planning Board meeting.

In order to move forward on this recommendation, a public hearing on the matter is required. The requested action is to schedule a hearing for Tuesday, February 19, 2019 at 5:30 p.m.

Series 2019 Limited Obligation Bonds Reimbursement Resolution and Capital Project Ordinance

Description

Please see the attached Item Summary.

Board Action Requested

Adopt the Reimbursement Resolution and the Capital Project Ordinance.

Item Presenter

David Clawson, Finance Director
Item Summary: Series 2019 Limited Obligation Bonds Reimbursement Resolution and Capital Project Ordinance

The Series 2019 Limited Obligation Bonds (LOBs) are planned per the adopted 2019 CIP to finance COA new construction and renovations, Animal Shelter new construction, and Health & Human Services construction/renovation. On 1/22 the Board added the purchase of and renovations to 711/715 US Highway 64/264, Manteo. The projects and their estimates, which total $12,009,200 without costs of issuance, are listed on Exhibit A to the Reimbursement Resolution.

The Reimbursement Resolution is needed due to an IRS requirement, since the bonds will be a tax exempt debt issuance. The Reimbursement Resolution declares the County’s intent to reimburse itself from debt proceeds upon the debt closing, which will be September 2019 or later, dependent upon architectural and procurement schedules. The reimbursement allows the County to proceed with design, engineering, and other costs and to use the future debt proceeds as the revenue for the project budget.

The Capital Project Ordinance (CPO) makes object # and project # corrections and establishes a central budget for the LOBs (project #98726) by amending previously adopted CPOs for the 2018 CIP (9/18/2017), the 2019 CIP (8/6/2018), and the Manteo property (1/22/2019).

The CPO adds two additional amounts to the grand total, bringing the amount budgeted to date to $1,390,000.

Based on experience with prior construction projects, staff recommends that $20,000 be added to the preliminary Animal Shelter budget for Owner Costs which will include printing (plans, submittals, etc.), permits (other than NCDEQ), and miscellaneous owner costs (advertising, UPS, mail, etc.).

A total of $1,000,000 is added for the Manteo property - $712,500 for purchase and $287,500 for renovations.

**Description**

The DCDHHS Public Health Division has received numerous requests from county employees and members of the community for the Shingles vaccine (Shringrix) and would like to request approval to purchase the Shringrix vaccine. Almost 1 out of every 3 people in the United States will develop shingles. Vaccines can help reduce the risk of getting shingles which is a viral infection that causes a very painful blistered rash. Anyone who has recovered from chickenpox may develop shingles and the risk of getting shingles increases as you get older. The Shingrix vaccine provides strong protection against shingles and the long lasting pain. Shingrix is the preferred vaccine for shingles and 2 doses are required.
