1. Sherrod Schuler spoke as a representative of the SBA, Office of Disaster Assistance currently located in an office in Buxton at 47013 Buxton Back Road with hours from 9:00 a.m. – 6:00 p.m., Monday through Friday and 10:00 a.m. – 2:00 p.m. on Saturday until October 31, 2019 in order to assist those impacted from Hurricane Dorian. He explained they provide options to homeowners and renters with rates available for loans at 1.75% for homeowners and as low as 2.75% for non-profits. The funds were not geared to replace insurance claim money but could be used for uninsured damages. There were three ways to apply: (1) online sba.gov/disaster, (2) by calling 1-800-659-2955 (3) or in person. The deadline for reporting physical damages was December 16 and for business slowdown the deadline was July 16, 2020.

2. Manny Medeiros, Jr. shared his concerns over the educational plan of Dare 2023 and noted what he described as its many “trendy aspirations” rather than offering the area’s students with “more meaningful pursuits” to achieve “academic excellence”. He encouraged the Board to take a more active role in the oversight in school funding.

The following comments were made in Buxton

3. Grace Hallenbeck made a suggestion for the County to purchase cots to be used when the Hatteras roads were impacted by overwash or damage. This could allow leaving visitors the option of staying in one of the three community centers as a temporary shelter when they become stranded. She also asked the Board the status of the possibility of a Hatteras public boat ramp and cited the island needed one.

The County Manager closed Public Comments at 5:32 p.m.

**ITEM 4 – CAPITAL IMPROVEMENTS PLANING COMMITTEE RECORDMMENDATIONS FOR COA PROJECT**
Mr. Outten explained the CIP Committee had met earlier and reviewed the presentations made by Sussex Development Corp, Barnhill Contracting Company and Whiting Turner for construction manager at risk for The College of the Albemarle project. He noted they reviewed three good submissions with these companies. Whiting Turner had successfully completed several projects for the County. The CIPC noted Barnhill Contracting had also made an excellent presentation which exhibited experience and their good relationships needed to gather subcontractors for the proposed project. Mr. Outten remarked the CIPC made a unanimous recommendation for Barnhill Contracting Company as CMAR partner for The College of the Albemarle Project.
Vice-Chairman Overman noted Barnhill Contracting had experience in working with the construction of higher education buildings and the experience would benefit the project. They used the very latest technology in construction design and build. He offered the County could not make a bad choice between the two primary contenders.

Commissioner Ross added Whiting Turning and Barnhill Contracting stood out in their size, scope and experience. Barnhill especially presented good experience with construction management at risk contracts. Sussex Development was very good; and all three companies were well qualified, but he felt Barnhill Contracting had the best ability to bid, attract and retain the subcontractors necessary at a fair rate to complete the project. He was highly confident Barnhill would gather a quality group of subs to complete the COA building.

Commissioner House inquired of the County Attorney whether he should cast a vote on the recommendation, as he was good friends with the Barnhill associates. Mr. Outten advised he need not abstain unless the contract award would give him personal benefit. Commissioner House noted he would not receive any personal gain or benefit and Mr. Outten advised he was eligible to vote on the matter.

**MOTION**
Vice-Chairman Overman motioned to approve Barnhill Contracting Company as CMAR for the College of the Albemarle Project.
Commissioner Ross seconded the motion.
