Increase Funding for HCCBG

The North Carolina Home and Community Care Block Grant (HCCBG) is vital in assuring the availability of cost-effective home and community-based services to the elderly, malnourished, homebound, dependent and those who are socially and economically needy. This older population continues to increase; approximately 10,000 citizens are currently waitlisted for services and 1.2 million more are expected to turn 60 years of age by 2034. This rapidly increasing older adult population will place even greater pressure on an already overburdened service delivery system. The Senior Tar Heel Legislature requests the General Assembly increase the Home and Community Care Block Grant funding by $7 million dollars in recurring funds.

Maintain and Increase Funding for Senior Centers

There are 171 Senior Centers in 97 counties that provide programs and services to enhance the health and wellness of older adults. These services are of significant benefit to help elders remain independent, thus delaying their potential for costlier services or housing options. Senior Center General Purpose money is vital to support critical center operations. To maintain operation, senior centers must leverage resources from a variety of sources that include federal, state, and local governments, special events, participant contributions, grants and volunteer hours. Even with leveraging, funding for senior centers has not been able to meet the needs of the state’s increasing aging population who now constitute more than two-thirds of the fifty and over population. The Senior Tar Heel Legislature requests that the General Assembly maintain the current General Purpose funding and increase this funding by a recurring $350,000 to continue to meet the vital needs of North Carolina’s growing population of older adults.

Increase funding for Project C.A.R.E.

By mandate of the North Carolina General Assembly, Project C.A.R.E. (Caregiver Alternatives to Running on Empty) was developed by recommendation of a statewide, multi-stakeholder Task Force to address Alzheimer disease and related dementias. Funded by the state through the NC Department of Health and Human Services, Division of Aging and Adult Services, it provides caregiver support, care management, and referrals to available services. It has become a national best practice model for providing respite services to family members who are caring at home for a loved one with Alzheimer’s disease or related dementia. More funding is needed to assist the caregivers of the ever-growing older adult population. The Senior Tar Heel Legislature requests that the General Assembly increase funding for Project C.A.R.E. in 2019-2020 by $500,000 and in future years increase funding by ten percent annually for expected growth.

Strengthen and Fund North Carolina’s Adult Protective Services Program (APS)

North Carolina’s Adult Protective Services Program (APS) must be strengthened and funded to respond to the accelerated growth in the State’s aging population. APS is a core of services provided to vulnerable and older adults who are at risk of abuse, neglect and exploitation. By 2025, 89 counties in North Carolina are projected to have more people age 60 years of age than 17 years and under. Many of these adults may be at risk of becoming victims of abuse, neglect or exploitation. The number of APS reports is expected to continue to increase as North Carolina’s aging population increases. NC General Statute 108A, Article 6, Protection of the Abused, Neglected, or Exploited Disabled Adult Act, mandates county departments of social services provide APS to vulnerable and older adults who have been abused, neglected or exploited. In SFY 2017-2018 county departments of social services received 30,128 APS reports alleging the abuse, neglect or exploitation of vulnerable adults. In SFY 2016-17 counties expended approximately $23.5 million, 3% state, 79% county, 18% federal, for the provision of APS. Counties are struggling to locate funding to provide these mandated services and are relying on funding from county governments and a decreasing federal Social Services Block Grant that is used to fund many services provided by counties. The need for APS has continued to increase over the years, but the only State funding, $2 million provided for the provision of APS, was eliminated in the SFY 2010-2012 State Budget. A comprehensive evaluation/review is needed to better reflect the challenges counties currently face in meeting the changing needs of vulnerable and older adults who have been abused, neglected or exploited and are in need protective services. The Senior Tar Heel Legislature urges the General Assembly recognize and value its vulnerable citizens by making available $7 million in recurring funds in the State budget to meet the growing need for Adult Protective Services in North Carolina and conduct a comprehensive evaluation/review of these services to ensure this protection is adequate.
Staff-to-Patient Ratios in Nursing Homes

The positive relationship between nurse staffing levels and the quality of nursing home care has been demonstrated widely and that increasing nurse (RN, LPN, and CNA) staffing levels facilitates enhancement of the outcomes of nursing home care. The federal Nursing Home Reform Act (NHRA), as part of the Omnibus Budget Reconciliation Act (OBRA) of 1987, requires minimum staffing levels for registered nurses (RNs) and licensed practical nurses (LPNs), and a minimum educational training for nurse's aides (NAs), but fails to establish a specific requirement for minimum caregiver/resident ratio or a minimum standard for the number of hours per patient day that a resident should be receiving care. In a nursing home, the CNA is the true point-person when it comes to providing adequate one-on-one care to the resident. The quality of care that facilities provide to their residents is frequently evaluated across three domains including structure (resources used to provide care; e.g., staffing), process (actions used to provide care; e.g., restraints) and outcomes (end results for patients; may be bad outcomes or good outcomes). The Senior Tar Heel Legislature recommends that the General Assembly enact legislation, which establishes either a mandatory Standardized HPPD (hours per patient daily) or minimum staff-to-patient ratios for direct patient care, including enforcement standards and consequences to ensure quality care in nursing homes in the state of North Carolina, regardless of whether they are a for-profit or non-profit organization.

INFORMATION ON THE NORTH CAROLINA SENIOR TAR HEEL LEGISLATURE

The North Carolina Senior Tar Heel Legislature was created by the North Carolina General Assembly with the passage of Senate Bill 479 in July of 1993. The Senior Tar Heel Legislature was created to:

- Provide information to senior citizens on the legislative process and matters being considered by the North Carolina General Assembly.
- Promote citizen involvement and advocacy concerning aging issues before the North Carolina General Assembly.
- Assess the legislative needs of older citizens by convening a forum modeled after the North Carolina General Assembly.

Each of the 100 North Carolina counties is entitled to one delegate to the Senior Tar Heel Legislature. Most counties also have an alternate delegate. Delegates and alternates must be age 60 or older. The North Carolina Division of Aging and Adult Services provides staff support for the Senior Tar Heel Legislature in cooperation with the 16 Area Agencies on Aging, which are responsible for conducting the selection of delegates and alternates.

We can be found on the web at: [http://www.ncsthl.org/](http://www.ncsthl.org/) and on Facebook (North Carolina Senior Tar Heel Legislature).

Item Presenter

Robert Outten, County Manager
SERVICE AGREEMENT

This service agreement ("Agreement") is between Dare County, North Carolina ("Client" or "County"), and SOG DFI, LLC ("DFI") (each a "Party" and collectively "Parties").

WHEREAS, as part of its mission, the School of Government at the University of North Carolina at Chapel Hill ("University") provides services to local governments. The Development Finance Initiative, as a program of the UNC School of Government ("SOG"), enables local governments and their partners to accomplish their community and economic development goals by providing specialized finance and development expertise in connection with the educational and public service mission of SOG;

WHEREAS, SOG DFI, LLC is an associated entity of the University pursuant to G.S. 116-30.20 that was created to facilitate the work of DFI; and

WHEREAS, DFI is able to provide technical services relating to development of private housing for low income persons ("Project") in the area described in Schedule C ("Project Area"); and

WHEREAS, Client desires for DFI to perform such services, and doing so is consistent with the University of North Carolina at Chapel Hill's research, teaching and public service missions.

NOW, THEREFORE, in consideration of the foregoing premises and the mutual covenants set forth below, and for other good and valuable consideration the receipt of which is hereby acknowledged, Client and DFI agree as follows:

1. **Scope of Services.** DFI will perform the services described in the statement of work, which is attached as Schedule A (the "Services"). DFI will provide Client with Deliverables as described in Schedule A (the "Deliverables").

2. **Term.** The term of this Agreement will commence on the date upon which the Agreement is fully executed by both Parties (the "Effective Date") and the Services outlined in this Agreement will start on the Effective Date or soon thereafter. This Agreement shall terminate on June 30, 2030.

3. **Termination.** In the event either Party breaches any material terms of this Agreement, then upon sixty (60) days' written notice of such breach, the non-breaching Party may terminate if the breaching Party fails to cure such breach within the notice period. In the event of such termination by Client, DFI shall deliver to Client any unfinished or draft Deliverables prepared under this Agreement. In the event of such termination, Client agrees to pay DFI all reasonable costs and non-cancellable obligations incurred by DFI up to the date of termination, not to exceed the maximum amount specified in Section 4.

4. **Payment.** DFI's fee for the Services shall be paid in two parts. The first portion of the fee is $85,300 (the "Client Payment"). The Client Payment shall be due and payable upon receipt of the DFI invoices in accordance with Schedule B.

The second portion of the fee (the "Development Services Fee") shall be contingent upon the execution of one or more agreements (each a "Development Services Agreement") between Client and one or more third parties (the "Developer" or "Developers") during the term of this Agreement regarding the responsibilities of either the Client or the Developer(s) regarding any
aspect of the development of the Project or any portion thereof. The Development Services Fee shall be equal to 1.0% (one percent) of the following amount: the total projected costs of development of the Project contemplated under each such Development Services Agreement. The total projected costs of the Project shall be determined based on the costs projected by the Developer in the most recent versions(s) of pro forma and/or other financial projections (the "Developer Financials") prepared by the Developer and delivered to Client (or lenders or investors) prior to or contemporaneously with execution of the Development Services Agreement, and in the event of any inconsistencies in the projected total costs among different versions of the Developer Financials, the version of the Developer Financials showing the greatest total costs of development of the Project shall be used to calculate the Development Services Fee. Each Developer shall pay directly to DFI the Development Services Fee attributable to that Developer's Development Services Agreement(s).

In consideration of the Services provided to Client by DFI pursuant to this Agreement and the "at risk" nature of the Development Services Fee, the Client agrees to make execution of any Development Services Agreement executed with a Developer during the term of this Agreement and the payment of the Development Services Fee by that Developer to DFI a condition of any Development Services Agreement or conveyance or lease of the Project or any portion(s) thereof to such Developer, and each such Development Services Agreement shall provide that DFI is an intended third party beneficiary of the Development Services Agreement. Client agrees to insert into any request for proposals or other solicitations regarding development of the Project the following clause (or a substantially similar clause as mutually agreed upon by Client and DFI):

"The performance by the County or the conveyance or lease of any portion of the property described herein (the "Property") to the selected development entity and its successors and assigns (the "Developer") shall be conditioned upon the execution of an agreement (the "Development Services Agreement") between the County and the Developer pertaining to the responsibilities of either the County or the Developer, or both, regarding any aspect of the development of the Property or any portion thereof (the "Project"). As part of the Development Services Agreement, the Developer shall agree to pay a fee to the County's consultant ("DFI") and its successors and assigns for pre-development services provided to the County, and the Development Services Agreement shall provide that DFI is an intended third party beneficiary of the Development Services Agreement. The fee shall be an amount equal to 1.0% (one percent) of the total projected costs of development of the Project as calculated by the Developer in the most recent versions(s) of pro forma and other financial projections (the "Developer Financials") prepared by the Developer and delivered to County or other parties prior to or contemporaneously with the execution of the Development Services Agreement, and in the event of any inconsistencies in the projected total costs among different versions of the Developer Financials, the version of the Developer Financials showing the greatest total costs of development of the Project shall be used to calculate the Development Services Fee. The Development Services Fee shall be due and payable in full to DFI no later than 30 days following execution of the Development Services Agreement. An alternative payment schedule for payment of the Development Services Fee to DFI may be developed as mutually agreed in writing by Developer and DFI; by way of illustration only, such schedule of payments could be tied to the receipt of any developer fees by Developer. Developer's obligation to pay Development Services Fee shall not be assignable"
by Developer to any other entity, nor shall any assignment relieve Developer of its obligation to pay Development Services Fee, except upon written consent of DFI.

The budget for DFI's personnel, contractors, and other expenditures in order to complete the Services can be altered at DFI's discretion, according to University's policies. DFI is under no obligation to provide Client or any Developer with any kind of financial reporting, supporting documentation, or justification of expenditures made in the performance of the Project as a condition of payment.

PRE-AUDIT CERTIFICATION

This instrument has been pre-audited in the manner required by the Local Government Budget and Fiscal Control Act.

Sally DeWine 1/13/2020
FINANCE OFFICER
Phase 1: Pre-Development & Opportunity Site Identification

1. Conduct a community scan, a review of current and historic plans, demographic data, documents, studies, research, development proposals, notes from public input sessions, and other materials relevant to the Scope and the Project Area;

2. Identify areas suitable for Low-Income Housing Tax Credit (LIHTC) development as defined by the 2020 Qualified Allocation Plan (QAP) issued by NC Housing Finance Agency. LIHTC is the largest affordable housing finance program in the country, incentivizing the acquisition, construction and rehabilitation of private rental housing for low-to-moderate income households. Criteria for site suitability may include proximity to amenities such as a grocery store, pharmacy and shopping as well as the absence of incompatible uses and negative features that could impede a site’s eligibility for key funding sources.

3. For targeted areas identified through the site suitability analysis, collect and analyze relevant data for a Parcel Analysis to understand current conditions (sales trends, vacancy, land use, ownership, and underutilization) and changes over time;

4. Conduct a housing needs assessment of Dare County to identify the scale of demand for specific housing types at various income levels. The assessment includes an evaluation of primary demand drivers such as growth and employment trends, as well as an in-depth analysis of the existing housing supply.

5. Establish guiding public interests for the Project Area in partnership with the County and key stakeholders;

6. Conduct a high-level site analysis, examining publicly available data regarding topography, hydrology, infrastructure, etc. to gain a general understanding of development opportunities and constraints within the Project Area;

7. Conduct a high-level financial analysis in order to make a general determination about the feasibility of essential housing development on the identified opportunity sites; and

8. Identify and prioritize key development opportunities (Opportunity Sites) based on the pre-development feasibility analysis and public interests and make recommendations related to those sites.

Within six months of the date on which DFI provides the recommendations related to Opportunity Sites (Item 8 above) to County staff, County may select, for Phase 2 analysis, no more than two Opportunity Sites over which the County has site control. Prior to DFI commencing Phase 2, Schedule C of this Agreement shall be amended to identify the selected parcel(s) by parcel identification number or other unique identifier, if not already listed in Schedule C.
Phase 2: Additional Site-Specific Pre-Development & Solicitation of Private Development Partners on selected Opportunity Sites

9. Support staff in community engagement activities to solicit public input as it relates to the Opportunity Sites;
10. Perform site constraints analysis to determine what the site can actually support given topographical conditions and other limitations and to test fit potential development programs for the Project;
11. Conduct a financial feasibility analysis, preparing a financial model for development program (i.e., development budget, operating cash flows, sources of capital, etc.) for the Project to determine financial feasibility for private partners and scale of public investment, if necessary;
12. Evaluate options for financing and structuring public participation in development or redevelopment, if necessary, including use of development finance tools (tax credits, district designations, etc.);
13. Obtain County approval of a feasible development program and a solicitation for development partners), and assist County with developing criteria to inform County’s selection of eventual partner(s);
14. Actively market and discuss the solicitation with qualified development partners with the goal of receiving competitive proposals from qualified developers who are capable of accomplishing the County’s approved development program;
15. Support County officials in development partner selection process by carrying out due diligence of potential partners, preparing investment summaries, and evaluating solicitation responses using County’s criteria;
16. Support the County in negotiating deal points with the development partner selected to execute the approved development program pursuant to the solicitation. Deal points include development parameters for public-private partnerships and milestones, which are typically memorialized first in a non-binding memorandum before being finalized in a development agreement; and
17. Support the County through the point that the above-referenced development partner closes on financing for the project, by regularly evaluating changes proposed by the development partner to pro forma financials and public participation options, in order to verify developer assumptions about revenues, development costs, operating expenses, and debt and equity structuring as market conditions evolve.

This Scope of Services does not include services that require a licensed broker or licensed attorney to perform. In addition, the scope does not include tasks associated with site planning expertise from architects or engineers, nor does it include site preparation expenses such as land survey, soil samples, and environmental testing (if such services are required, DFI will advise County to obtain such services from third parties).
Deliverables

Deliverables include presentations, summaries, and other documentation intended by DFI to be delivered to the County regarding the Scope of Services.

Schedule B
PAYMENT SCHEDULE

1. **Client Payment Schedule.** The Client Payment shall be due and payable upon receipt of the DFI invoices in accordance with the following schedule:

   - $42,650 on February 1, 2020
   - $42,650 on June 1, 2020

2. The Development Services Fee associated with each Development Services Agreement shall be paid by each Developer to DFI pursuant to Section 4 of the Agreement, “Payment.”

3. In furtherance of DFI’s charitable mission to provide education, to provide relief to the poor and distressed, and to lessen the burdens of government, the 1% Development Services Fee to be paid by the private developer(s) will be discounted by a multiplier related to local rents in the event that the project is a subsidized housing development utilizing federal Low Income Housing Tax Credits (LIHTC) issued by the North Carolina Housing Finance Agency pursuant to a Qualified Allocation Plan. Specifically, the Development Services Fee shall be adjusted by a “Local Multiplier” to obtain an “Adjusted Development Services Fee” that shall be applicable only to the portion of a development project that is subsidized by and subject to restrictions related to LIHTC (the full Development Services Fee will be applied to the remaining portion of the development project). The Local Multiplier for Dare County is 0.85. The Adjusted Development Services Fee shall be calculated as follows: 1.0% multiplied by the Local Multiplier.

ITEM 5 – PUBLIC COMMENTS
At 9:31 a.m. the Manager outlined the procedure for making public comments in Manteo and via the video link to the Fessenden Center Annex in Buxton. Following is a summary of all citizen remarks, which can be viewed in their entirety in a video on the County website:

*The following comments were made in Manteo:*

1. Rev. Spottswood Graves commented on Dr. Martin Luther King’s philosophy of non-violent resistance. He reminded the Board and public there would be a 29th annual celebration of Dr. King on January 18 at the Dare Center at 11:00 a.m. with presentations, singing and a free lunch.

2. Jay Overton, resident of Kill Devil Hills, provided the community interest and involvement with the flood map updates. He noted three years ago a group of homebuilders, surveyors and engineers concerned with the elevation changes obtained copies of the maps. The group reviewed the statistical and historical data for approximately eight months and also joined several planning discussions. He thanked Donna Creef and her staff and offered continued assistance with the education of the community to provide safe guidelines for Dare County’s homeowners.

3. George Carver, Executive Director of Dare Minority Coalition Inc., presented the Board with his Memorandum of Understanding drafted with two developers, East Point Homes, LLC and Halcon Development, LLC, whose goals were to identify suitable sites for an affordable rental community in Dare County. He presented materials for the Board’s consideration and review of a potential 19-acre parcel for prospective essential housing.

*There were no comments made in Buxton*

The County Manager closed Public Comments at 9:46 a.m.

ITEM 6 – EMS DEMONSTRATION OF NEW EQUIPMENT
Jennie Collins, EMS Director, provided a presentation of newly purchased equipment funded with the 2020 CIP. Chief Collins indicated the County averaged seventy-six cardiac arrests per year and in 2019 there were sixty-one. The team simulated the time critical procedures taken during a cardiac arrest with a manikin while utilizing a LUCAS CPR device, which...
provided consistent chest compressions for the patient. Twenty-five of these devices are now available throughout the County. New cardiac monitors were also purchased to aid in the interpretation of cardiac rhythms. Commissioner Ross commented he had observed the EMS team’s incredible professionalism during an actual cardiac situation a little over a year ago and praised their professionalism and efficiency.

ITEM 7 - DARE COUNTY FARM LEASE (Att. # 1)
County Manager summarized the issuance of a Request for Proposal for lease of County-owned farm land which consisted of approximately 348.98 acres located at 1603 Cub Road, Manns Harbor. Matt Respass was the only bid received in the amount of $115.00/acre ($40,132.70 per year).

Commissioner Tobin seconded the motion.

ITEM 10 – REVIEW OF 2020-21 GRANT APPLICATION FROM THE ECONOMIC IMPROVEMENT COUNCIL

The Economic Improvement Council (EIC) provided their 2020-21 Community Services Block Grant Program (CSBG) application for funding to the Board of Commissioners for review. This federal grant is designed to help support a wide range of community-based activities to reduce poverty. These include activities to help low-income individuals and families secure and retain meaningful employment, adequate education, obtain adequate housing and other community services.

The Board reviewed the grant application and offered the following comments:

Commissioner Couch asked what kind of insight did the community have in establishing this grant and the County Manager offered the large grant (over $10 million) would serve Camden, Chowan, Currituck, Dare, Gates, Hyde, Pasquotank, Perquimans, Tyrell and Washington Counties and use the funds for the various programs of the EIC. Commissioner Ross inquired if Dare’s proposed portion of the grant was $285,027 and the County Manager confirmed that as accurate. There was no further discussion.

ITEM 11 – UPDATE ON DARE COUNTY FLOOD MAPS

Donna Creef, Planning Director, reminded the Board the flood maps were released to Dare County on June 30, 2016 and become effective June 19, 2020. She noted her comments were reflective on how unincorporated Dare County would enforce regulations in the future; however, she anticipated the surrounding towns would undertake similar procedures as related to their areas. Dare County would commence procedures in the following months which affect the flood map adoption, to include public hearings, revision of the Dare County Flood Development Prevention Ordinance (which require Planning Board review), and amendments to a few zoning districts. Ms. Creef reviewed the 2006 flood map reflected 12,875 properties as AE zone and the 2020 map would identify only 8,493 AE zone properties in Dare. Overall changes in the maps would result in a 41% decrease in the number of properties considered to lie in a flood zone. A large number of properties are being reclassified to a lower risk class zone and many of those properties remaining in flood zones have reduced base flood elevations. The revised maps would be used for insurance rating purposes and hold a potential for decreased flood insurance rates. Shaded X and X zone properties do not require flood insurance coverage. Ms. Creef emphasized the importance of misleading phraseology when connecting AE zones with 100-year probability and the X zone with 500-year flood probability. To illustrate, she outlined the six flood events Dare County has had in less than ten years: Irene 2011, Arthur 2014, Hermine and Matthew 2016, Michael 2018 and Dorian in 2019. The flood maps are developed by FEMA and the State of North Carolina and are based upon eight-year old coastal flood models for the entire state without inclusion of weather events which occurred within the past ten years. During Board discussion and in light of the new maps, which would afford insurance saving options to many residents, Vice Chairman Overman voiced Dare County could continue to use the area’s weather event data, coupled with common sense, in the development of future ordinances and building regulations. Ms. Creef added there was a concern, especially for new property owners to the area, who follow lender or insurance carrier advice and not secure flood insurance without fully understanding the possible flood risks. She noted 25% of the flood claims filed occur in X zone properties. When flood maps updated again in the next ten years, and reflected the weather events omitted in the 2020 maps, properties could be re-classified once more, and result in non-conforming structures coupled with increased flood insurance.
rates. Additionally, residences with 2020 new lower base flood elevations may consider converting the ground-floor enclosures (currently limited by law to parking access and storage) and become subject to future flood damage. At the request of Commissioner Ross, the definition of the zones, as they related to new construction were reviewed along with the possibility of construction of “slab on grade” based upon the updated elevations. Commissioner Bateman asked about insurance company reactions to the changes. Recent meetings indicate the mortgage lenders and insurance professionals, aware of the empirical knowledge, shared the Planning Department’s concerns. Ms. Creef shared that Currituck counties maps have been adopted and the mortgage companies are sending letters to cancel flood insurance policies. Based upon input from the surveying community and local flood events, a recommended response to elevation would be an LES (Local Elevation Standard) of eight feet, which is shown as the predominate AE8 zones on 2006 flood maps. Ms. Creef cautioned construction must also address the factors of wind. The next steps would be for the Board to instruct Planning Director to commence with ordinance amendment procedures for consideration of Local Elevation Standard regulations and implementation of outreach activities for the revised flood maps. An additional report would be provided to the Board in April, 2020, with a formal recommendation regarding the details of amendments.

At 10:38 a.m. Commissioner Tobin left the meeting due to another commitment.

MOTION
Vice Chairman Overman and Commissioner Bateman motioned to proceed with map adoption and updates to the Flood Ordinance to include consideration of local elevation standards.
Commissioner House seconded the motion.
VOTE: AYES unanimous (Note Commissioner Tobin was not present for voting on this item)

ITEM 12 – FEMA GRANTS UPDATE
Brent Johnson, Project Manager, provided the distinctions between different FEMA grant programs: HMGP-Hazard Mitigation Grant Program, which is tied to particular storm (i.e. Dorian) and FMA Flood Mitigation Assistance and PDM Pre-Disaster Mitigation programs which were annually budgeted through Congress. HMGP was restricted by the funds received by the state based upon the individual assistance and public assistance given to the state by FEMA (i.e. $47 million claimed in Dorian, therefore NC would receive 20%, approximately $9.7 million). With HMGP programs, FEMA picks up 75% of the cost and 25% is born by the state. Depending upon the project, the County or homeowner bears 25% of the cost in FMA and PDM grants. Currently 16 homes had been submitted for elevation approval through HMGP Michael and 24 homes under HMGP Florence. Fifteen homes await approval through the FMA 2019 programs. Commissioner Bateman asked if any FEMA grants were available for commercial properties and Mr. Johnson advised there were; however, the County’s current policy did not allow utilization of grant dollars for commercial properties.

MOTION
Commissioner Couch motioned to approve Brent Johnson as primary designated applicant agent for FMA, PDM and HMGP FEMA grant programs.
Commissioner Ross seconded the motion.
VOTE: AYES unanimous
AMENDED MOTION
Commissioner Couch amended his motion to include approval of the County Manager as secondary agent for FMA, PDM and HMGP grant programs.
Commissioner Ross seconded the amended motion.
VOTE: AYES unanimous (Note Commissioner Tobin was not present for voting on this item)

ITEM 13 – CONSENT AGENDA
The Manager announced the items as they were visually displayed in the meeting room.

MOTION
Commissioner House motioned to approve the Consent Agenda:
1) Approval of (12/16/19) (Att. # 3)

ITEM 15 – COMMISSIONERS’ BUSINESS & MANAGER’S/ATTORNEY’S BUSINESS
Commissioners and the County Manager frequently make extensive remarks, which can be viewed in their entirety in a video on the Dare County website. Following is a brief summary outline of the items mentioned by Commissioners during this segment –

Commissioner Bateman offered no new business but Happy New Year wishes for all.

Commissioner Couch
• Thanked NCDOT for the mile and half repair to the south approach to Bonner Bridge along with the safety shoulder for hikers and biking traffic.
• Thanked Gerard from Flatiron Construction for a recent tour of the Rodanthe Bridge.

Commissioner Ross
• Albemarle Commission would be holding its annual election of officers during their next meeting and reviewing their recent audit.
• The Tourism Task Force would continue to review options and a strategic plan and opportunities for the event site later this month.
• A Dementia Awareness Task Force would be meeting at the Kitty Hawk United Methodist Church.
• He mentioned an update from Senator Tillis’ office, which included an Alzheimer’s Awareness/Remedial Activity Initiative sponsored for $20 million a year in North Carolina for the next five years. Commissioner Ross hopes to bring more information to bring some of those funds to Dare County.
• He attended the Dare County Center Toy Drive and thanked Sandy Pace and the Center for their continued work for the community.

Commissioner House
• He attended the December 17 Flounder Scoping meeting with over fifty in attendance. There were heavy discussions concerning stock assessments.
• He warned care should be taken this year to properly date legal documents using “2020” rather than just “20” to avoid confusion or possible fraud.

Vice Chairman Overman
• Congratulated the service pin recipients, the Employee of the Year and the 2020 Employee of the month for January, 2020 and wished everyone a Happy New Year.
• He noted some important items to address this year would be the need to replace the bridge over the Alligator River along with jetties to help stabilize the shoaling on the west side of the Oregon Inlet.
• He attended the flounder scoping meeting and noted that while the State’s test nets caught nothing, our local fisherman, who knew where to fish, had a good year with their pound nets.

Chairman Woodard added he recently met with Senator Richard Burr and shared with him some of the same concerns.

MANAGER’S/ATTORNEY’S BUSINESS

Robert Outten introduced a benefit consulting agreement from Cleartrack HR which would allow Dare County to organize their employees’ benefits enrollment in one system. This service, provided through the benefit consultant, Mark III, would be provided at no additional cost to the County.

MOTION
Commissioner House motioned to approve the agreement with Cleartrack HR.
Commissioner Bateman seconded the motion.
VOTE: AYES unanimous (Note Commissioner Tobin was not present for voting on this item)

County Manager mentioned professional customer service was always a County concern and he read a letter received from a citizen who had lost their glasses and wallet when they were accidently thrown in the trash. The County’s sanitation department personnel dumped an entire truck, sorted through the trash and found the items. The citizen offered praise and gratitude for the exceptional customer service.

County Manager and Board thanked Matt Hester and the IT Department for the installation of new monitors for the Board members.

Public Information Officer and Finance Director had no new business to add.
At the conclusion of the meeting, Chairman Woodard asked for a motion to adjourn.

*Brief Exercise Overview:*

Dare County hosts many large scale special events attended by thousands of residents and visitors. In 2019 we plan to push webEOC use for planned special event. This exercise will focus on improving situational awareness, reporting, incident action planning and information sharing during an active assailant attack at a special event, like the OBX Marathon and Seafood Festival.

Targeting a two and a half day exercise effort. Day one will have a session with event sponsors and municipal event planners to provide training on special event management and security. The next two days would be exercise play that focuses on pre-event planning and consequence management during an active assailant attack at a special event. Participants will use webEOC throughout the exercise to complete IAP development, situation reporting, and information management.

This investment completes the upgrade of this team. This training maintained policy awareness for a State and two Regional ME.

The training maintains emergency staff awareness that would have otherwise been outdated within 3 months of the training.

The ALS Rescue Boat meets State Typing for Water Ambulance. The equipment purchase adds a new capability to the local EMS. Teams will begin training to complete the resource.

63 Responders were trained in structural collapse to support 23 Type II UFA. Teams. This training sustained current levels of staffing in anticipation of current staff retiring. |

2019 DHS Standard Terms and Conditions

The 2019 DHS Standard Terms and Conditions apply to all new federal financial assistance awards funded in FY 2019. These terms and conditions flow down to subrecipients, unless a particular award term or condition specifically indicates otherwise. The United States has the right to seek judicial enforcement of these obligations.

Assurances, Administrative Requirements, Cost Principles, Representations and Certifications

DHS financial assistance recipients must complete either the Office of Management and Budget (OMB) Standard Form 424B Assurances – Non-Construction Programs, or OMB Standard Form 424D Assurances – Construction Programs, as applicable. Certain assurances in these documents may not be applicable to your program, and the DHS financial assistance office (DHS FAO) may require applicants to certify additional assurances. Applicants are required to fill out the assurances applicable to their program as instructed by the awarding agency. Please contact the DHS FAO if you have any questions.

DHS financial assistance recipients are required to follow the applicable provisions of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards located at Title 2, Code of Federal Regulations (C.F.R.) Part 200, and adopted by DHS at 2 C.F.R. Part 3002.

DHS Specific Acknowledgements and Assurances

All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff.

1. Recipients must cooperate with any compliance reviews or compliance investigations conducted by DHS.

2. Recipients must give DHS access to, and the right to examine and copy, records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations and other applicable laws or program guidance.

3. Recipients must submit timely, complete, and accurate reports to the appropriate DHS officials and maintain appropriate backup documentation to support the reports.

4. Recipients must comply with all other special reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

5. Recipients of federal financial assistance from DHS must complete the DHS Civil Rights Evaluation Tool within thirty (30) days of receipt of the Notice of Award or, for State Administering Agencies, thirty (30) days from receipt of the DHS Civil Rights Evaluation Tool from DHS or its awarding component agency. Recipients are required to provide this information once every two (2) years, not every time an award is made. After the initial submission for the first award under which this term applies, recipients are only required to submit updates every two years, not every time a grant is awarded. Recipients should submit the completed tool, including supporting materials, to CivilRightsEvaluation@hq.dhs.gov. This tool clarifies the civil rights obligations and related reporting requirements contained in the DHS Standard Terms and Conditions. Subrecipients are not required to complete and submit this tool to DHS. The evaluation tool can be found at https://www.dhs.gov/publication/dhs-civil-rights-evaluation-tool.

DHHS - Child Protection Team and Child Fatality Prevention Team Annual Report

Description

The Community Child Protection Team and Child Fatality Prevention Team (CCPT/CFPT) is an interdisciplinary group of community representatives who review selected cases of child abuse and neglect which have been reported to the Department of Health and Human Services - Social Services Division. The purpose of these reviews is to identify systematic deficiencies, advocate for improvements and promote collaboration between agencies. NCGS-1406 requires that an annual report of the team's activity be presented to the County Board of Commissioners.

Dare County Community Child Protection Team and
Child Fatality Prevention Team (CCPT/CFPT)

2019 Report to

Dare County Board of Commissioners

And

Dare County Department of Health and Human Services Board

Meetings: The team met four times this past year: February 18, 2019; May 20, 2019; August 19, 2019; and November 18, 2019.

Participation: An average of 10 (54%) of the members attended the meetings.

The Child Fatality Prevention Team did not have any child fatalities to review.

The Community Child Protection Team reviewed three cases and identified the following issues:

- A single mother wants to separate from her boyfriend because of ongoing domestic violence issues; however, she is dependent on him for financial assistance as she does not work. She needs to locate work now and demonstrate the motivation to sustain a residence so she can access additional housing resources. Hotline offered to provide short term temporary housing assistance.
- Counseling services for the hispanic population are limited as therapists must connect to spanish speaking therapists through telephone or telemed translation services. There are no spanish speaking therapists in Dare County. Trillium cannot use state funds if the individual is an undocumented alien.
- Locating a treatment center for a mother and her child has been difficult when the mother does not have insurance. Compounding the issue is the mother’s pending criminal charges. The district attorney has been reluctant to agree to mothers attending residential programs because they are not following through with treatment.

The team also:

- On February 18, 2019 welcomed Brenda Edwards, North Carolina Child Fatality Prevention Team Program Coordinator, to Dare County to provide training to the members of the Dare County CCPT/CFPT team.

In 2019 Dare County had two child drownings that occurred while families were on vacation. Neither fatality met the criteria for review by the CCPT nor the CFPT because the family
residence was outside of Dare County. Concerned that vacationers who rent homes with pools might not supervise children, especially young or with disabilities, as closely as they should, the Dare County CCPT/CFPT will be engaging with rental companies in 2020 to examine how renting families can be better educated about supervision of children around pools.
